TOGETHER WE CAN ACHIEVE MORE

Respect Effort Achieve Care Honesty

Dear Parents and Carers

Well done to our Year 6 children who completed their SATs this week. We are really proud of the way they focussed and took it all in their stride.

On Wednesday, the sign language club led an inspirational assembly to highlight deaf awareness week. The whole school and parents weretaught to sign the alphabet and some useful phrases. The assembly culminated in a signed performance of the song "This is Me". This was a very poignant song as it re-iterated the message of inclusivity at Holly Lodge: that we accept everyone and celebrate differences. Thank you to Miss Moreton-Ford for teaching the children.

We are very lucky to have our very own nature reserve on the doorstep. The year 2 children visited Snaky Lane and enjoyed exploring the different habitats and searching out mini-beasts.

Please do read the #safeguarding matters item below related to You Tube, as online safety is so important to protect our children.

Don't forget it's class photo's next week on Wednesday 22nd and may we remind you that the school is closed for polling on Thursday.

We are looking forward to a fun-packed weekend of events: the children are looking forward to the disco tonight and we have a cross-country team representing Holly Lodge at Farnham Park on Saturday.

Have a great weekend.

Mr Meakin (Executive Head teacher) and Mrs Dancer (Deputy Head)

NHS Advice Website

Please take the time to have a look at the link below to an NHS website which has a lot of useful information on it. There are links to other services in the area and a section on when to send your child in to school or not. This is a fairly new site which the NHS staff are encouraging parents to use to help manage ailments and injuries.

#safeguardingmatters

We are concerned that many of our children have You Tube accounts and are posting videos on line. The children are clearly identifiable in these videos. Some children are also using their full name as a User Name. We worried because it is possible that inappropriate people may be able to view these videos and because children can become upset when negative comments are posted about them.

We have a duty in school to safeguard all our children and we need to remind you that You Tube requires account holders to be 18. Young people of the age of 13 can sign up, but only with their parent's permission. We ask you to be vigilant in monitoring your child's use of social media and in particular, discuss with them that it is particularly important not to post videos which show other children as their images will be posted on social media without their consent, or the consent of their parents.

As part of our duty of care to your children, we will have to report underage users to YouTube if we continue be aware of this.
